mobileparts · shop

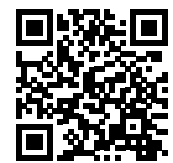

"Market leader in Europe"

mobile repair starts **here.**

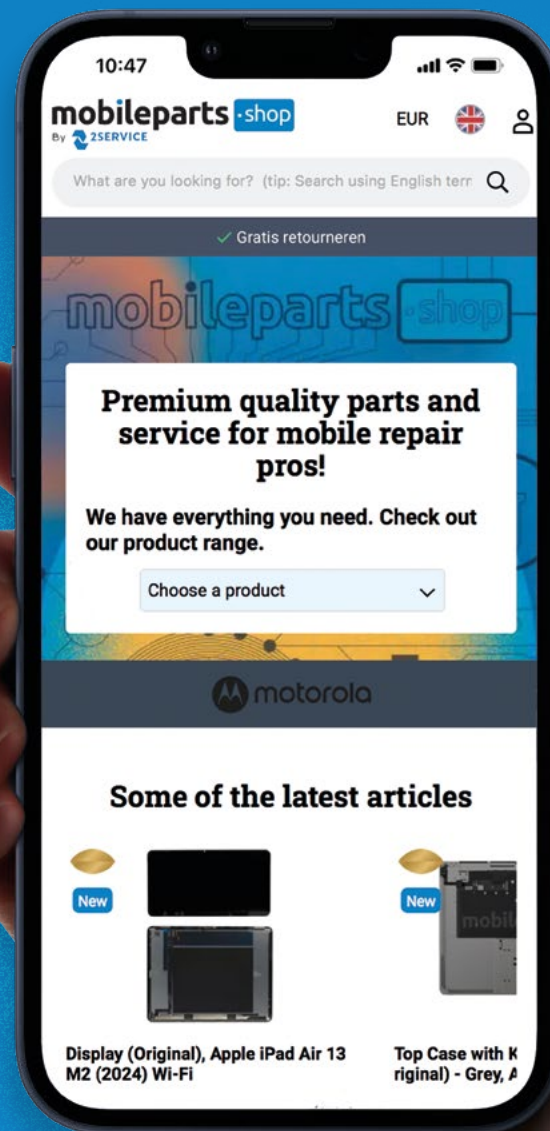

Preferred supplier for thousands of repair shops across Europe

Since its launch in 2014, Mobileparts.shop has gone on to hold the largest market share in Europe's independent mobile repair sector. Our 3,250 m² warehouse holds over 7,000 unique products from 84 brands. More than 5,500 mobile repair businesses, wholesalers, refurbishers, resellers and others have taken advantage of this wide range and our associated services to significantly grow their businesses. The proof is in our turnover – €78 million in 2024. Our customers are served by some 91 dedicated employees in our five full-service branches in the Netherlands, Austria, Poland, Sweden and China.

How can we help you?

Join Europe's largest community of mobile repair professionals!

We offer premium-quality products across four product groups.

Clients rate us "Excellent!" This is why:

99% of our customers are happy with our personalised service.

We offer **credit** (after accreditation).

Lifetime warranty on genuine Apple parts and all parts of quality: Factory standard, Pulled, Refurbished, In-cell, Compatible (Soft/Hard/Budget).

Easy access to repair manuals and videos.

Orders placed before 18:00 on weekdays are dispatched **the same day**.

Returns fully processed within an average of **2.5 working days**.

Benefit from a **dedicated account manager** who is always at your service.

The webshop supports **25+ languages** and **15+ currencies**.

3 brands and 8 qualities for iPhone parts

1. Genuine Apple Parts

Mobileparts.shop is proud to bring you the Apple Parts Service (APS). It is designed for repair professionals committed to the highest quality and customer satisfaction.

APS provides genuine Apple parts sourced directly from Apple. This ensures reliable repairs that build trust and maximize the durability of iPhones. We offer genuine parts purchased from Apple for iPhone model 12 or later.

Available part types: display, battery, camera, speaker, adhesives and many other (small) parts.

genuine
Apple

2. For iPhone/iPad, the premium alternative

We offer a range of high-quality alternative displays, including **harvested and compatible options in seven quality grades for iPhone OLED models and five grades for LCD models**. Our dedicated team of over **25 expert sourcers and testers in Shenzhen, China**, ensures that we source and deliver only the **best possible quality** for your needs.

How are we different from other suppliers?

Every mobileparts.shop iPhone display is tested by three different expert testers. This ensures that the displays we supply are free from dead pixels, lines or light patches. Additionally, Mobileparts.shop offer a lifetime warranty across all our quality grades. Did you know that we reject about 70% of refurbished stock? We're very picky when it comes to quality!

3. Official European distributor of JK Displays

2Service is one of only two **official European distributors**, providing the **full range of JK displays** compatible with iPhones. Experience **trusted quality and reliable supply** for all your display needs.

These parts have not been certified, repaired, or refurbished by Apple or an Apple authorized service provider. These parts may or may not perform at the same level as Genuine Apple Parts, may introduce privacy and safety risks, may not be as durable, and may impact the product warranty or coverage under an AppleCare plan, to the extent they apply.

Easy access to Samsung and Apple repair manuals and videos

Mobileparts.shop doesn't just supply parts – we also help you replace them. With manuals, videos, and Clickviews, we provide the resources you need to work faster and with higher quality. This documentation is exclusively available at Mobileparts.shop!

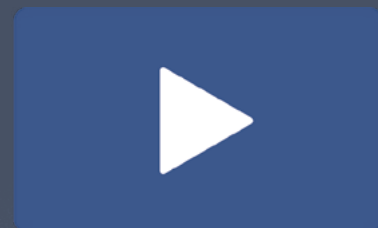

We provide repair manuals for the most popular models.

These guides explain step by step how to replace a display or battery, and include an overview of all the tools you can use. The information is designed for both beginner and experienced repair technicians.

Watch our repair videos for quick and easy guidance.

This information is especially designed for beginner repair technicians.

Order parts easily with the interactive exploded view.

Simply click on the part in the diagram and order it right away—ideal if you're not sure what the part is called.

This feature is developed entirely by us and is exclusively available at Mobileparts.shop.

Maximise your sales of accessories!

Mobileparts.shop stocks a wide range of smartphone accessories. In addition to our five in-house brands Promiz, Impact, Mobileparts, LifeWire and Mobile Skin, we also stock accessories from well-known brands, such as For Samsung accessories, For iPhone/iPad accessories, ZAGG/Gear4, ZAGG/InvisibleShield, Integral, ProtectionPro and Sunshine.

Our extensive range at a glance

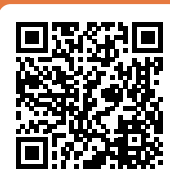

1 promiz

Promiz offers smartphone accessories for every device and every purpose. This brand offers all the essential accessories you need, ensuring you have a range that meets every customer requirement.

2 impact

Impact is our in-house brand for screen protectors. We introduced this brand to provide repair shops with a high-quality, affordable glass product in attractive packaging.

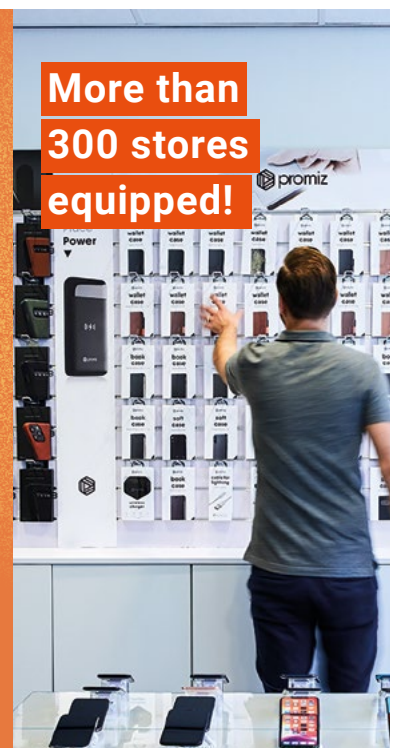

Free shelf layout plan?

Ask your account manager for all available options and pricing!

Boost your revenue! With average 50% margins on our own brands.

As a reseller, you can choose from our collection of more than 900 unique accessories from a variety of brands. As well as original brands, we stock five in-house labels designed specifically for the repair market: Impact, Promiz, Mobile Skin, LifeWire and Mobileparts. These can be displayed in your shop alongside products from well-known brands. Our account manager would be happy to visit you to offer free ad-

vice with no obligation. Following this meeting, we will create a shelf layout plan and once you have approved the design, we will implement it in your shop. We will take care of displaying the new accessories and give your shop a completely new look, including signage. This will allow you to maximise your sales of accessories – just as hundreds of other shops have already done!

More than 300 stores equipped!

3 For iPhone/iPad accessories

We offer a wide range of cables, adapters, headphones and other accessories specifically for iPhones and iPads. Available in retail packaging or in bulk, with or without MFI certification. The choice is yours!

4 For SAMSUNG accessories

Our range consists of a wide selection of cases, cables, earbuds, adapters and other accessories suitable for Samsung Galaxy smartphones and tablets. Available in retail packaging or in bulk.

5 ZAGG | GEAR4

ZAGG Gear4 is a brand for rugged phone cases, providing the best protection against drops and impacts.

6 ZAGG | INVISIBLE SHIELD

It offers premium protection for mobile device screens against cracks or scratches through military-grade solutions.

7 mobileparts-shop

We gladly source your charging cables and adapters for bulk purchases. With or without MFI/logo – the choice is yours!

8 Mobile Skin

Mobile Skin offers a wide variety of on-demand screen protection films for phones and tablets of all sizes. Choose between matte or transparent options for wet or dry installation.

9 SUNSHINE

Sunshine provides the best quality on-demand screen protection films at affordable prices. Sunshine screen protection films are for dry application only.

10 PROTECTIONPRO

The brand offers full-screen on-demand protection for over 19,000 brands with nearly 50,000 device patterns. We provide their films at competitive prices.

11 mophie.

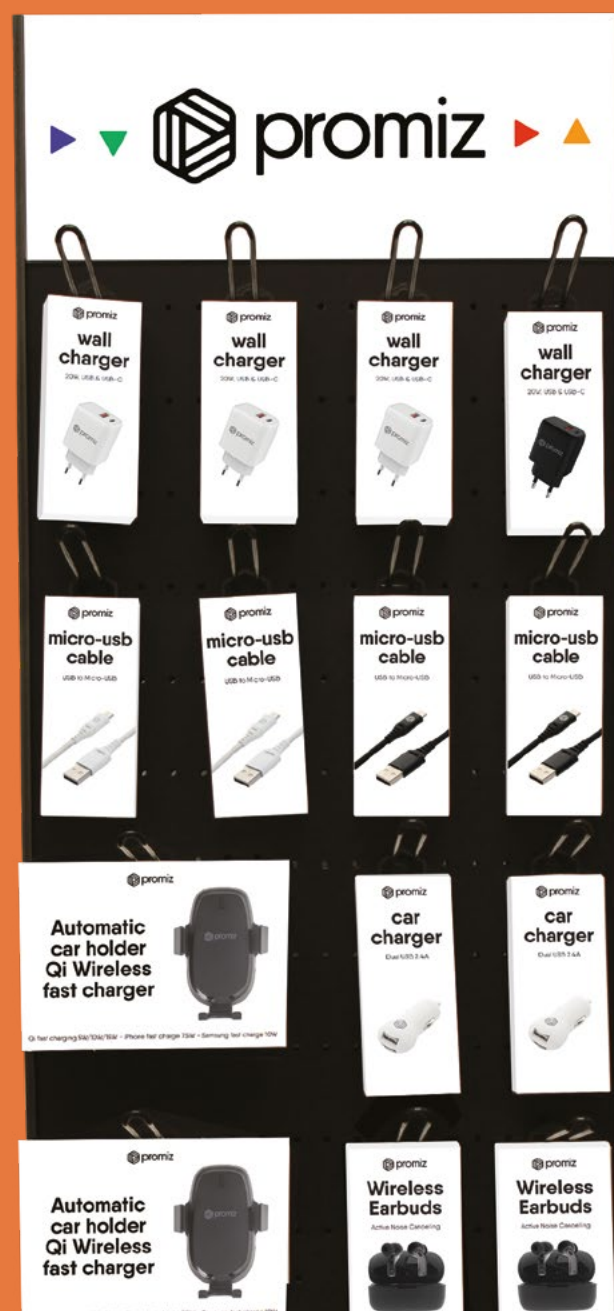

Mophie is an award-winning brand that helps keep the mobile world powerfully connected. Mophie is the proud developer of the original juice pack.

12 integral™

Integral's memory cards are an absolutely essential part of your range. They offer your customers storage expansion options for their phones, laptops and cameras.

We have multiple ways for you to show off!

We have had the pleasure of supplying over 300 stores with one or more of our display solutions. Whether it's a 1-, 3-, or 10-meter display, floor or counter – we have the perfect solution for you!

Ask your account manager for all available options and pricing!

Not located near one of our locations?

No problem – we ship everything in ready-to-use packages!

On-demand screen protection films

Wondering why popular films are so expensive? So are we! We have discovered a different approach. That's why we offer the same quality at a much lower price. This means more margin for you! To ensure you can always assist your customers, we offer various types of films. From standard to premium quality, clear, matte or privacy, and suitable for wet or dry installation.

- ✓ Super fast

Mobile Skin

Mobile Skin films are compatible with Silhouette Portrait (1/2/3) and Cameo (1/2/3/4) machines. Download the free Mobile Skin app to use the films. Mobile Skin is a brand of Mobileparts.shop. We also supply ProtectionPro and SUNSHINE films at unbeatable, game-changing prices.

How to use the free Mobile Skin app

1. You first need to request an account at Mobileparts.shop, the one-stop shop for mobile repair professionals and the initiator of Mobile Skin. In addition to accessing the webshop, this account also provides you with direct access to the Mobile Skin app, allowing you to operate all Silhouette cutting machines.
2. You will receive a username and password from 2Service for access to Mobileparts.shop, or you may already have one. The username is your unique customer number for your account.
3. Order the various Mobile Skin films on Mobileparts.shop.
4. Download the Mobile Skin app for Android or iOS.
5. Open the Mobile Skin app. Your ID is MS+username. So, if your username is, for example, 12345, your login ID for the Mobile Skin app would be: MS12345.
6. The password is: username+Mobileskin! (In this case: 12345Mobileskin!)
7. Now you can open the app and get started!
8. Encountering issues? Send an email to help@mobileskin.eu or call +31 (0)88 23 40 390.

Need advice?

Book a free 30 min. consult with Justin Ashford!

As a repair shop owner, you know better than anyone that there is always room for more business. That's precisely where our training programmes can assist! Enroll in the training that suits you and learn how to attract and retain more customers by providing a repair service you can confidently offer. Because, let's be honest, who doesn't want more revenue and satisfied customers?

L1 - L2 Basic mobile repair training

Do you want to learn smartphone/tablet repair or take your skills to the next level? Then this training is perfect for you. It is designed for anyone who is still (relatively) inexperienced and wants to learn everything in 4 or 5 days so that you can confidently tackle almost any L1/L2 repair. You don't need prior experience; The trainer Justin Ashford starts from the beginning. If you do have some experience, you may receive different assignments. This way, the training is always tailored to your experience, and your skill level will always improve.

- A 4- or 5-day training in Arnhem, conducted by repair professional Justin Ashford, optionally with Dutch-speaking guidance
- Each training day includes a free lunch
- The Art Of Repair certificate, officially recognized by Techniek Nederland and OFED
- 1-year free ZXW license worth €58 (software for diagnostics)
- The opportunity to always use our lab for practice and knowledge sharing at no cost.

L2 - L3 Micro soldering mobile repair training

Do you want to offer more than just basic repairs (such as screen or battery replacement)? This training is suitable for both repair technicians who want to start with micro soldering and those who already have some knowledge. Trainer Justin Ashford provides you with all the tools to enhance your skills and offers live advice based on your personal abilities. If you already have the basics down, you may receive more challenging assignments during the training. This way, the training is always tailored to your experience, and your skill level will continuously improve.

- A 7-day training in Arnhem (the Netherlands), conducted by repair professional Justin Ashford, optionally with Dutch-speaking guidance.
- Each training day includes a free lunch
- The Art Of Repair certificate, officially recognized by Techniek Nederland and OFED
- 1-year free ZXW license worth €58 (software for diagnostics)
- The opportunity to always use our lab for practice and knowledge sharing at no cost.

Money-back guarantee: Should you realise after the training has begun that it does not suit you, you may stop at the end of the first day and receive a full refund.
